

# Are you ready for calorie labelling & nutritional info?

From one site to 1000 - no matter how many sites you operate, star chef from Fourth Hospitality will:

Save you money on lab testing/nutritional consultancy fees by calculating the full nutritional analyses of all recipes and menus – *on demand*

Save time and money by updating your website 'live' with nutritional values including salt and trans fat levels

Increase your profit margins by enabling you to manage your costs proactively
